STEM Bus

Thanks to the Kowloon Motor Bus Company Limited, LKKKB now has its own double decker bus. The bus was on the road for 18 years and is now parked in our school. It will be refurbished and turned into a 'Self-regulated Learning STEM Bus'.

To celebrate the arrival of the bus, our principal, Miss Lau Tit Mui, the teachers, and 20 bus enthusiasts held a welcoming ceremony on 19 December 2018. Everyone was so excited at the moment the bus was driven into the carpark of our school.

The STEM bus is not as spacious as a normal classroom. It is therefore not designed for regular class teaching. However, it is a perfect zone for doing self-regulated group activities because it will be installed with advanced indoor positioning systems, virtual reality and augmented reality facilities.

To be friendly to our environment, energy efficient facilities will be added to the STEM bus. For example, solar panels on the rooftop of the bus will provide energy to be used inside the bus.

Renovation is expected to start in March or April and will be completed within three to four months' time. We are sure that the STEM Bus will offer our students a brand-new learning experience

Miss Fung and Lovely Siu Fa

Kathy Wong Ka Yee

On 6th November, we interviewed Miss Fung Chui Yee and asked some questions about her pet.

Miss Fung had three cats. However, we were so sorry to hear that one of her beloved cats 'Fat Fat' died last year. Although Fat Fat died, Miss Fung misses it so much. She now has two cats. One of them is named 'Siu Fa'. Siu Fa is a female cat which weighs about 8 pounds. It is a small cat, with big eyes and a small mouth. Its hair is gold, black and white. Poor Siu Fa was abandoned by her former master and Miss Fung took it home and adopted it. Therefore she was not sure about the age of Siu Fa. She thinks it is about 8 years old.

Miss Fung told us that when she first brought Siu Fa home, she kept it in a cage. The next morning, she was shocked to see Siu Fa made a mess in the cage. The feeding bowl was upside down and the pet food was

all around. She patiently taught Siu Fa to follow her instructions and now Siu Fa can keep its place tidier. However, sometimes it is still quite naughty. It sneaks around and scratches the things in the house.

Miss Fung described Siu Fa as a very lazy cat because it sleeps all the time. Siu Fa loves eating fresh vegetables and cookies. Every month, Miss Fung spends around four hundred dollars to buy food for Siu Fa. Unlike dogs, cats do not like seeing other people. Therefore, Miss Fung seldom takes Siu Fa out.

When Miss Fung goes to work, Siu Fa plays on her own at home. When Miss Fung goes on a trip, she asks her family members to take care of her pets.

Although Siu Fa does not behave well all the time, Miss Fung loves it very much. We are so glad that we had the chance to talk to Miss Fung and learn about her lovely cat.

Miss Yeung and Her Four Cats

5B Dave Liu Miu Dickson Siu Chun Yin Fred Wen Chun Fai

My team interviewed our class teacher Miss Yeung about her pets. Miss Yeung is a cat lover. She has four cats, Nancy, Monster, Silver and Unknown.

Nancy is the oldest one. It is 15 years old. Monster is 13 years old. Silver is 3 years old. Unknown is 2 years old. Nancy's appearance is funny. It is black and white, so it looks like a panda. Monster is brown like milk tea. Unknown is a silver tabby with a distinctive striped pattern.

All four cats like eating dried food, chicken and fish. They like playing with one another and with their toys at home. Miss Yeung enjoys taking care of her cats. Every day after school,

she plays with them. Sometimes cats also get sick so Miss Yeung has to take them to see the vet. The monthly expenditure on each cat is about one thousand dollars, including food and medicine.

Miss Yeung said that the most unforgettable moment with the cats was the time when they were all ill. She was so worried about the cats and had to spend a lot of time taking care of them and monitoring their situation.

We think that Miss Yeung is kind and patient to her cats. It is not easy to keep four cats. We hope that her cats can stay healthy so that she does not need to worry about them so much.

The LKKB newspaper team interviewed Mr Fung, a new English teacher in our school. Mr Fung is the class teacher of Class 6B. He told us a lot about his pets.

Mr Fung has a dog and a cat. He got them from a pet shop. The dog was born in 2008 and it is now ten years old. It is a female dog. The cat comes from Africa. It was born about 8 years old. It is a male cat.

The dog likes eating dog food and biscuits. The cat likes eating cat food and biscuits too. They do not eat a lot. They do not eat rice so Mr Fung does not need to cook food for them. He feeds them with pet food once at night. During festivals, he will buy the dog some fish and snacks.

Mr Fung said the two pets do not get along well. They always fight with each

other. He does not often play with the dog because the dog likes running around by itself and it does not get bored. For the cat, Mr Fung plays with it every night.

Both of them are very healthy. They do not get sick easily. They like sleeping and lying around in the house. Mr Fung told us it is important to keep the house clean so that the pets can live in a comfortable place.

Mr Fung spends around one thousand dollars for the pet food per month but he does not spend much on their toys. When they get sick, he has to take them to the vet. It costs about six to seven hundred dollars every time.

Look at the photo of Mr Fung and his pets! The dog and cat are so cute. We hope that we can play with them.

Miss Lai's Pets

4A Holly Yang Lok Yat
4B Ouyang Lily

Karina Chow Kin Lam
Tong Feifei

Miss Lai has two dogs. One is a collie. Another one is a shiba inu. Miss Lai bought them from a pet shop.

The collie is called Liza. It is nine years old. Liza is white and brown. The Shiba Inu is called 'Little White'. It is smaller than Liza. It is two years old. It is white. Liza and Little White are male dogs.

Liza is a very good dog. It listens to what Miss Lai says. When Liza was young, it could do some tricks. It could follow instructions and jump through hoops. Little White is very active. It likes playing. It is very excited when going out. It can jump very high too.

Miss Lai keeps the two dogs in the garden. They like running around there. When they see Miss Lai and her family members go home, the dogs will wag their tails to show that they are happy. Liza likes all people. It wags its tail when

it sees anyone. When Little White sees strangers, it will bark.

Liza and Little White do not eat snacks. They eat pet food and some apples. Dogs also need to stay healthy so they cannot eat too much. It is not good for them to become overweight. Miss Lai plays with them on holiday. Sometimes, she needs to go for a walk with the dogs.

Miss Lai told us one interesting thing. Liza and Little White are afraid of travelling in cars. Liza gets car sick easily. Little White stays quiet and sits properly in the car. It does not move around. It is so funny to think of the dogs in the car.

Miss Lai said a responsible master should take care of their pets for their whole lives. If you also want to keep a pet, you should think carefully about this.

A Tea Party

4A Holly Yang Lok Yat

Last Saturday, I had a tea party. It was held in my classroom. I invited my subject teachers, Miss Sou, Miss Ng and Miss Ip.

First, we ate some food and drank some juice. There were fish balls, chicken wings, noodles and sandwiches. The chicken wings were more popular than the fish balls, but the fish balls were more delicious than the chicken wings. My favourite food was noodles because they were salty and a little bit sour. After eating, we drank some orange juice and ate some candies.

Also, we played some ball games and sang songs. Miss Ip played the piano and I played the violin. Lastly, we watched a movie. It's about a boy and a dog. It's so touching!

I felt happy because everyone in my class came to my party.

Tourist Spots in Hong Kong

5A Gordon Teng Hung Li

Hong Kong is the best place in Asia for enjoying great entertainment with the whole family and friends. There are many things we can do in this small but fun city. Let me introduce three of the best places for tourists.

Ocean Park is on Hong Kong Island. If you like sea animals, you must visit Ocean Park. We can see many different kinds sea animals there, such as sharks, fish and penguin. Also, you can also take the cable car to enjoy the spectacular view of the beautiful sea. When you get off the cable car, you can see a lot of rides waiting for you to go on!

The Space Museum is a great place too. There are a lot of displays for us to know more about space. Apart from that, you can also watch sky shows there.

Another Museum in Kowloon is the Science Museum. There are lots of displays to let us to know more about dinosaurs, science and Ancient Egypt. But I found that those mummies and coffins were quiet scary.

Hong Kong is a small but fun place for tourists. There are lots of attractions for watching, shopping and playing. Come and have fun in Hong Kong.

A Story

5B Jenny Gu Jing Qi

Yesterday, I saw a dog sitting at the corner of the street. I was scared because I was the only person around.

I wanted to leave because I was the only person on the street. However, the dog followed me. The dog was dirty and one of its legs was hurt. It could not walk well. I sympathized with it because I thought it was very poor.

I wanted to help it. I looked around and wanted to look for its master. However, I could not find him. I tried to find him until it was dinner time.

I couldn't find the dog's master for a long time. The dog looked very poor. So I took it home and asked my parents if they could adopt it. My parents were very loving, so our family adopted it.

New Story Writing (The Three Wishes)

5C Angel Zhou Kexin

Once upon a time, a fireman and his cat lived near a beach. Every day, the fireman went to help the fishermen.

One afternoon, the fireman went to work as usual. A house was about to be burn down when a fairy godfather appeared and begged the fireman to help put out the fire and give him three wishes. The fireman thought about that and he felt happy. Then he went home immediately.

The fireman told his cat about the fairy godfather and the three wishes. His cat was very happy. She thought that she would have a lot of money. Both of them were very happy. The fireman said, "I am so hungry. I wish I had some noodles for my dinner." As soon as he said the words, a pan of noodles was on the table. The fireman stared at the noodles. His cat was very angry and scolded him. The fireman wished the noodles would hang on his cat's hand. They appeared on the cat's hand. He tried to pull the noodles but they stuck.

The fireman used his last wish and wished the noodles would be back in the pan. The noodles were back in the pan. The fireman and his cat ate the noodles sadly.

The three wishes were gone. They were still as poor as ever.

How to Be a Good Child?

5E Sherry Liu Shengxiao

It is important for a child to behave well at anywhere and at any time.

At home, we should do the housework. We should listen to our parents. We should be polite to them. We should get on with our brothers and sisters. We should be nice to all of them.

When we are in public places, we shouldn't eat or drink on the bus. We shouldn't eat noisily in the restaurant. We shouldn't run on the bus. We should speak softly in the MTR trains.

If someone helps us, we should say 'thank you' politely. If we hurt someone, we should say 'sorry'.

We should always behave well at home and in public places. Then we will be a good child.

A New Festival

6A Gary Fung Cheuk Wai

The name of the new festival is 'Crazy Day'. It is on 23rd January. At this festival, I need to be with friends and family.

At this festival, schools and business are closed. All the adults shout 'Hurray!' All the children shout 'Yeah!' People play a lot of games, for example, they play either computer games, phone games, chess with one another and even play hide-and-seek.

I want to create this festival because people in Hong Kong are too busy. Students need to learn a lot of things every day. Also, they have a lot of homework, dictations, tests and exams. Adults need to work hard every day too. Although they have a lot of pressure, they don't have enough time to relax and play so I created this festival to let them play crazily.

I think this festival is meaningful because this festival can let adults and children play hard. Also people can shout and vent their emotions so they can relieve stress.

How Karen Spent Her Pocket Money

6C Ada Ho Uen Yi

Yesterday, Karen's mother gave some pocket money to Karen, but she didn't know what to buy. She had no ideas.

Karen was walking on the street when suddenly she smelled something delicious. She knew that there was something in front of her and she ran. She saw some hawkers selling curry fish balls, fried dumplings and fried green peppers. Karen bought a lot of fish balls. They were delicious!

At 7:00 that night, Karen had a stomachache. Since she felt very painful, she called her mother.

After Karen's mother came home, Karen's mother knew that Karen had a stomachache and quickly took Karen to the hospital. The doctor said that Karen had just eaten unclean food which caused the stomach pain. She needed to take some medicine and have some rest. Karen learned that she should not buy anything in the street to eat.

A Traffic Accident

6D Tom Cheung Shu To

Last Sunday, there was a traffic accident. A taxi hit a minibus on Tin Yan Road. It was near my home.

The taxi driver was talking with his family when the accident happened. The passengers in both the taxi and the minibus were so scared. They were hurt.

They screamed.

12 people were hurt in the accident. A police car, five ambulances and a fire engine rushed to the scene. They took about one and a half hours to save the people.

I was unhappy after the accident. I hope all of the injured people can recover soon.

A Book Report

6B Nancy Deng Long Size

Title: Beauty and the Beast

Author: Disney

Publisher: East China University of Science and Technology Press

I chose this book because my sister recommended it. The film is exciting too.

A long time ago, a handsome prince is very selfish so a witch turns him into a beast. One day, an old man goes into the castle where the beast lives. Then the beast catches the old man. The man's little daughter – Belle agrees to live with the beast in his castle.

When she hears the beast catches her father, the beast says that he will not hurt Belle and lets her father go back home. So she lives in the castle with the beast. But Belle misses her father so she can't live in the castle happily. A few days later, Belle finds a chance to escape, but a lot of wild wolves chase her while she is running away. Suddenly, the beast comes out and saves Belle. In the end, Belle falls in love with the beast. The beast turns back into a handsome prince but he is not the same as before because he has learnt to be generous.

I loved this attractive girl very much and the story is a love story so I was moved. My favourite character was Belle because she is brave and kind so I have learnt that we should be brave like Belle.

If I were the beast, I would not ask Belle to live in the castle with me because she is too beautiful but I'm very ugly and scary.

A Letter to Principal

6E Yannie Chen Yu Yan

23rd November, 2018

Dear Miss Lau,

How are you? I am writing because the Charity Club would like to help the World Vision to raise money for poor children in Laos. I think my ideas will solve some problems for the children there.

The children are sick because the water is too dirty. Moreover, their houses are tiny because they are too poor. Also, they can't grow plants because it is too dry.

What can we do to help them? We can collect old toys or books. We can donate money to the charity. We can sell flags and raise money for them.

We hope you will be able to help us organize the charity events.

Yours sincerely,

Yannie Chen

Mangkhut was the most powerful typhoon to hit Hong Kong in 2018. It was a super typhoon that caused serious destruction in the city.

On that day, typhoon signal no. 10 had been hoisted for over ten hours. All public transport stopped working. Many people could not go to work.

All over Hong Kong, lots of trees were blown down. The collapsed trees blocked the roads. Windows of many tall buildings were damaged and glass shattered into pieces. Therefore, it was extremely dangerous to go out in the storm. Many people got hurt and were sent to hospital. From the news report, I knew that the firemen were very busy rescuing people in danger. Also, heavy rainfall caused a flood in many places like Heng Fa Chuen and Tai O.

Luckily my home was safe. I spent a few hours playing computer games and reading some books. I had two special holidays but I did not think we should be happy about that because many people were hurt during the storm. I hope there will not be anymore strong typhoons like Mangkhut.

Film Review

Presto

5A Minnie Gu Ruitong

Have you ever seen a magic show? I like magic shows which includes rabbits. If you also like rabbits that can perform magic tricks, I think you should not miss the short Pixar film 'Presto'.

It is a story about a magician, Presto, who incorporates a rabbit called Alec. Alec does magic tricks with Presto. However, Presto does not give him any food so he teases and plays tricks on Presto while Presto is performing on stage.

I like this film because it is funny. I recommend you see this film.

Piper

5A Amy Zhang Xin

Piper is a Pixar film. It is a short film that everyone can watch on YouTube.

It is a story about how a baby sniper overcomes difficulties. Right after birth, it follow its parents to look for food. Parents teach it what to do patiently. After some days, the little sniper has to learn to be independent. It has to find food at the beach by itself. However, it is afraid of the waves. She looks around and sees a crab. The crab hides itself beneath the sand when the water comes. The little sniper notices that it can do the same. She is not scared anymore. She tries to get closer to the water and look for food.

This short film lasts for just 6 minutes but it is very interesting. You must watch it!

Animal World

5B Dave Liu Miu

Have you watched the film 'Animal World'? It is an adventure action film. The main characters include Li Yifeng, Michael Douglas and Zhou Dongyu.

Zheng Kaisi (Li Yifeng) is poor. He is in need of money. His friend asked him to go on a cruise called 'Animal World' to gamble for money. However, he loses everything in the end.

I enjoy watching this film because I learnt that we should work hard if we want to succeed and we should not trust others too easily. It is really a wonderful film. I have watched it for three times. I recommend you watch it too. You will enjoy it as I did.

An Exceptional Picnic Experience at Tai O

Changing scenery from the usual picnic in a country park, P.5-6 students in our school went on a non-traditional picnic in Tai O in October 2018. On that bright sunny day, over 300 students and teachers took the ferry from Tuen Mun Pier to Tai O. Students explored the history and cultures of Tai O by using an e-learning app, EduVenture X, on iPads while walking around to admire the fascinating scenery of the fishing village.

It's great fun to walk around in Tai O.

There are many shops selling dried seafood

Tai O is famous for producing shrimp paste
